## TAX DECISION WILL BENEFIT PONTOTOC CO.

OVER \$1,000,000 OF REAL ESTATE  
WILL BE ADDED TO ROLLS  
OF COUNTY.

The recent decision in the Indian land tax suits is of vast importance to Pontotoc county. It means about \$12,000 additional funds from the levies for each of the past two years, and the townships, school districts and states will receive about twice that amount.

In 1909, the first year to which the injunction applied in Pontotoc county, there were 217,408 acres of land assessed for taxation out of about 465,000 acres in the entire county. The assessed value of the land rendered, not including town lots, was \$2,448,985. Taxes were paid on about forty per cent of this land. In other words the value of the lands which the treasurer was enjoined from collecting taxes was nearly \$1,500,000.

Some of the litigants have already signified their intention of settling their taxes, but of course, the matter

may be taken to the higher courts by others and a final settlement delayed for another year or two.

### THINK THIS OVER.

This Offer Should Gain the Confidence of the Most Skeptical.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. but it is necessary that a prescription be filled just so in order to get proper results. Ask any doctor if this isn't the truth, then get your prescriptions filled here we know how to do it "just so" and you will get the results intended.

## THREE ARRESTS FOR BOOTLEGGING

Yesterday afternoon Deputy Sheriff J. O. Broadus arrived from Allen with two men by the name of Adkins and Windike who are charged with bootlegging. A small amount of liquor was found at their pool hall when the raid was made.

John Kitchens came up from Stone-wall yesterday morning with a negro by the name of Robson who was captured with twenty-four pints of wet goods in his possession. V erily, the way of the bootlegger promises to be a rough one under the regime of Sheriff Mitchell and his deputies.

### LAND CASES UP.

30,000 Suits Involving Oklahoma Realty to Be Passed on Soon.

Muskogee, Okla., Jan. 14.—Fifty lawyers assembled in the federal court here today to take up what is known as the 30,000 land title suits upon notice from the court that orders would be made in several hundred cases in conformance with a recent decision of the federal court of appeals for the Eighth Circuit. Upon agreement, however, the cases were continued until three cases of a similar character now pending are decided by the supreme court of the United States. Practically all of the questions involved in the 30,000 suits will be settled by the decisions in these three cases.

### WILL EXTEND COMMISSION GOVERNMENT TO COUNTY

The commission plan of government has succeeded so well in Kansas City, Kan., that the county commissioners of Wyandotte county, that state, have taken the first step toward placing the affairs of the county under similar rule. According to the plan now being arranged the county government will be divided into departments and each commissioner will have charge of one of them. Those who of the plan believe that the effect will prove as generally satisfactory as when applied to city government and that the handling of county affairs will be greatly simplified.

One of the things that you can buy to an Advantage today may be the things you have to buy—so read the ads.

## LANDS THAT MAY BE TAXED

POINTS COVERED IN JUDGE CAMPBELL'S OPINION CONCERNING INDIAN LANDS.

Muskogee, Okla., Jan. 14.—All land allotted to Indians of the five civilized tribes of Oklahoma that is alienable by reason of the restrictions upon its sale having been removed is taxable by the state. This is the decision of Judge Ralph E. Campbell of the federal court of the eastern district of Oklahoma. The decisions are of the greatest importance because in each nation the court has held that all land that is alienable is taxable, and in the suits at issue he designates by decree what lands are subject to taxation and what are not, and thereby indirectly passes upon the great question of what Indian land is alienable under the various and complex laws and treaties. This makes the decisions of vital interest not only from the standpoint of taxation, but because it has a bearing upon the title to practically all the Indian allotments that have been sold during the five or six years.

J. W. Gregg, United States district attorney at Muskogee, brought an action in the federal court here to secure a restraining order against the county treasurers and the sheriffs of forty counties in eastern Oklahoma to prevent the sale of Indian land which had been assessed for state and county taxes, and becoming delinquent for the years 1908 and 1909, were to be sold for taxes. A county treasurer in each of the five Indian nations filed a demurrer to the government's bill and the important decisions were made to this demurrer.

### Opinion Broad.

The court took as the text of his decisions in all the nations that all Indian land that is alienable is taxable. And this brought about an opinion upon the part of the court upon the many mooted phases of the question of what land is alienable and upon which there has been no court precedent set. The court did not sustain the government's position on the Indian land that is exempt from taxation in many respects, and on the other hand he did not sustain the contention of the state as to what it had a right to tax. The separation of the taxable from the un-taxable is the court's own. The decisions will necessitate the revision

of all the tax books of forty counties for a period of three years. In the Choctaw-Chickasaw case, taxes for 1908 the court held that lands inherited by adult or minor heirs who are freedmen or mixed blood citizens of the Choctaw and Chickasaw nations are unrestricted and therefore taxable. That lands inherited by full-blood citizens from deceased allottees are restricted and non-taxable. That the surplus allotments (not homesteads) of mixed blood and freedmen citizens, who were minors on March 1, 1908, are restricted and not taxable. Lands allotted to freedmen who died prior to March 1, 1908, are unrestricted and taxable.

### A Successful Operation.

Vera, the little daughter of Rev. O. E. Fowler, was operated on for appendicitis yesterday afternoon. The operation was most successful, apparently, and the child is doing as well as could be reasonably expected.

W. R. Barker and daughter, Miss Ethel, arrived this morning from Van Zandt, Mo., for a visit to his daughter, Mrs. Frank Lilly.

### Change in Restrictions.

In May, 1908, congress passed a bill changing the restrictions on the alienation of Choctaw and Chickasaw lands and the court held that in 1909 and at the present time the following Choctaw and Chickasaw lands are taxable. Lands allotted full bloods, where the allottee died prior to March 1, 1909, are taxable, except where the heirs of such deceased allottees are full-bloods. The homesteads of all deceased allottees of more than one-half Indian blood, who died leaving living issue born since March 4, 1906, and such issue is still living, are restricted

## ROFF WANTS COUNTY COURT

NEIGHBORING TOWN FILES PETITION WITH LEGISLATURE FOR SITTING OF COURT.

Citizens of Roff and other portions of that section of the county have filed petitions with the members of the legislature from Pontotoc county for a sitting of the county court at Roff. It is the intention of the Pontotoc county delegation to give every section of the county a square deal and they want to hear both sides of the question at once. If there is any kick coming from other parts of the county against the Roff proposition, now is the time to raise it and not wait until the bill is passed and then raise a howl about it.

### KENTUCKY MOB HANGS THREE NEGROES

Work Done So Quietly That Few Citizens Knew What Was Taking Place.

Shelbyville, Ky., Jan. 15.—Storming the Shelby county jail here early this morning, a mob seized and lynched three negroes, two of whom were charged with assaulting white girls and the third sentenced to hang for the murder of his wife and held in jail here until the day for his execution could be set.

The three were lynched in different places and what at first seemed to have been a single lynching was found to have been a triple one only with the discovery of the three bodies.

The body of Eugene Marshall, sentenced to hang for the murder of his wife, whom he had beheaded, was found hanging to a bridge over the Eminence pike only a short distance from the jail.

Jim West, employed as a chauffeur here for several months and who, it is said, had been seen on several occasions throwing kisses at white girls and who was charged with assaulting the daughter of a Shelby county farmer, was one of the trio against whom the wrath of the mob was directed. He, too, was hanged to the bridge by the mob.

Wade Patterson, the third negro lynched, was also charged with assaulting a white woman. Patterson attempted to escape from the mob and was shot and his body thrown into a creek.

Both West and Patterson were to have been presented to the grand jury summoned to convene at the January term of court, which opens Jan. 23. It was common belief that both would be given speedy trials.

The mob which attacked the jail went about its work quietly and law persons knew of the triple lynching until the bodies were found several hours later.

Few in the mob were masked. The jail lock was smashed with a sledge hammer, after which there little difficulty in getting the prisoners.

### Hughes-Brown.

Yesterday afternoon Justice Brown officiated at the marriage of John Hughes and Mrs. Ellie Brown. The groom is janitor of the court house, and an all round good fellow who never refuses to do a man a favor if it is in his power. The bride is an estimable lady and John may count himself lucky.

Verily the cold wave and falling weather so long forecasted by the weather bureau has arrived at last.

## PERSEVERANCE HAS ITS REWARD

The papers of yesterday contained  
an account of a romantic marriage  
which grew out of a courtship origi-  
nating from a note placed in a sack  
of flour by John Young a flour pack-  
er of Sherman. The bride found his  
note and from that a correspondence  
began that ended in matrimony. It  
happens that John Thrasher, the ma-  
chinist of the News office, has known  
the groom for many years. He says  
he has been putting notes into sacks  
of flour ever since he began working  
at the mills at the age of fifteen.  
Verily all things come to him who  
waits—long enough.

## THE DISTRICT ATTORNEY BILL.

Every indication points to the pas-  
sage of the bill creating the office  
of district attorney. In view of the  
fact that the office of deputy county  
attorney will be abolished, it will be  
seen that the new office will entail  
little, if any additional expense on  
the tax payers. It is also certain  
that the state will be redistricted and  
the present judicial district that in-  
cludes Pontotoc county will be cut  
down to three counties with one  
judge instead of two as at present.  
Once more the News would suggest  
that if the office of district attor-  
ney is created and the county attor-  
ney of this district who has made  
the best record for ability and suc-  
cess in prosecutions is given recog-  
nition, Robert Wimbish will be tend-  
ered the place. No better man can be  
found for the place, any way.

The action of Champ Clerk and his  
associates in reversing themselves on  
the question upon which they turned  
Cannon down last spring is something  
that may cause them some trouble  
later. If Clark is planning to follow in  
the footsteps of Cannon the demo-  
cratic party will miss another gold-  
en opportunity and will be banished  
from power forever. Unless the party  
carries out the principles for  
which it has fought for years and  
which the rank and file of the party  
really want, the long eared jack-ass

will indeed be a fitting emblem of the  
party betrayed by blundering lead-  
ers.

Another John Wilkes Booth story  
comes from Enid. A man committed  
suicide there a few years ago who,  
it is claimed, was none other than  
the assassin of Lincoln. The body  
was embalmed and still in the hands  
of the undertaking establishment that  
took charge of the remains after the  
suicide. The question of what be-  
came of Booth after his rash crime  
seems as far from settlement  
as that of the identity of the man  
who became famous by striking Billie  
Patterson.

The fight of Muskogee for the state  
fair may be none of our business,  
but we'll be hanged if we see the  
sense of making an appropriation of  
the people's money for a fair off in a  
corner of the state when one is al-  
ready established by the enterpris-  
ing citizens of Oklahoma City and is  
not costing the tax payers a cent.  
We hope the senate will kill the bill  
too dead to skin.

The federal grand jury at Guthrie  
is busy just now investigating the  
workings of the grandfather clause  
at the last election. If any indict-  
ments are returned it will mean a  
vigorous fight between the federal  
and state authorities. The people of  
Oklahoma adopted the measure and  
will resist any effort on the part of  
the federal authorities to nullify their  
action.

The papers are so unanimous in  
praising Governor Cruce that we will  
have to hunt up something to growl  
about, just to vary the monotony for  
him.—McAlester News-Capital.

Oh, don't worry. He'll be damned  
enough before his term of office ex-  
pires.

According to the returns of the U.  
S. census bureau, the population of  
Guthrie numbers just two more in  
1910 than it did in 1907 when the  
special census was taken. Frank  
Greer has not yet caught his breath  
sufficiently to express his feelings  
towards the census department.

While listening to the enthusiastic  
pleas of the office seekers and their  
friends Gov. Cruce no doubt begins  
to wonder how on earth Haskell beat  
him three years ago or were there  
any Murray supporters during the  
last campaign.

At Sulphur candidates for city of-  
fices are already announcing them-  
selves. The election will not take  
place until April, but these men evi-  
dently believe in the old adage that  
the early bird is the one that catches  
the worm.

Men who enter life with a deter-  
mination of following the footsteps  
of his favorite heroes to greatness  
fail because they take up the vices  
and few of the virtues of their mod-  
els.

In view of the showing made by  
Guthrie during the past three years  
it will now be up to her to charge  
that the enumerators who took the  
last census were bribed or doped by  
Oklahoma City.

## BILL WILL HAVE HARD SLEDDING

Little Likelihood That Land Sale  
Measure Will Come Up for  
Several Days.

Washington, D. C., Jan. 14.—There  
seems little or no likelihood that  
the house committee on Indian af-  
fairs will take the coal and asphalt  
bill under consideration before late  
in the week. This delay was ex-  
plained Saturday by the fact that the  
bill has been referred to the secre-  
tary of the interior for report. What  
action the department will take re-  
mains a matter of much speculation,  
inasmuch as Secretary Ballinger, on  
numerous occasions, has declared  
that the department will not stand  
sponsor for any bill, and this de-  
spite the fact that the secretary is  
on record as in favor of the sale of  
the lands in question.

The bill, as introduced, places the  
entire burden of responsibility on the  
administration, as there is no pre-  
tense in the bill as to how the coal  
and the surface shall be sold, wheth-  
er in large or small tracts. Indeed,  
there is nothing in the measure to  
prevent the coal trust gobbling up  
the entire mineral wealth of the  
two nations and thus create a mo-  
nopoly of the coal and asphalt in  
Oklahoma.

In any event, the bill, it seems,  
will have hard sledding before it be-  
comes a law.  
Messrs. Hurst and Wilborn have  
purchased three lots on 8th street  
near Judge Winn's residence, and  
will at once begin the erection of a  
cottage.

## ANOTHER MURDER AT OKLAHOMA CITY

Oklahoma City, Jan. 15.—Two men  
murdered and a nephew of Former  
Governor Charles N. Haskell, and his  
wife being held at police station, the  
former directly charged with the  
crime, in brief tells the story of one  
of the worst crimes in the recent his-  
tory of Oklahoma City. The murder-  
ed men are P. D. Anderson and A. O.  
Christensen. The man charged with  
the murder is B. K. Updike. He and  
Anderson are brothers-in-law. The  
double murder occurred at the Up-  
dike home, 709 West Reno avenue,  
Sunday evening at 6:15 o'clock, fol-  
lowing a mysterious quarrel, the de-  
tails of which both Updike and his  
wife positively refuse to discuss.

"My brother-in-law, Bert Updike,  
shot me and the man inside the  
house," were dying words of P. D.  
Anderson, who died at St. Anthony's  
hospital just five hours after the  
shooting. A. O. Christensen breathed  
his last as the police reached the  
house, only a few minutes after the  
killing.

Christensen was shot in the mouth,  
the bullet breaking the spinal cord  
at the base of the skull. Anderson  
was shot in the left shoulder, the  
bullet piercing the left lung. The  
shooting was done with an automatic  
pistol, the shell extracted showing it  
to be a number .38 calibre.

Anderson died at the hospital  
where he was taken after the acci-  
dent. His wife was at his side when  
at 12 o'clock he breathed his last.  
When taken to the hospital he was  
placed under the influence of opiates  
and did not give a definite account of  
the shooting.

Miss Mae Collins of Roff, arrived  
yesterday to visit Miss Ruby Baker.  
R. L. Rollins was in from Bebee  
yesterday to meet his friend, S. W.  
Adams of Bokahito, who will spend  
a few days with him.

## DROPS LOADED BOMB

FROM AEROPLANE  
San Francisco, Cal., Jan. 15.—For  
the first time in the history of avia-  
tion in this country, according to  
army officers here, a loaded bomb  
was dropped from an aeroplane on  
Camp Selfridge field today and ex-  
ploded.

The experiment was made by Lieut.  
M. S. Crissy of the Coast Artillery,  
flying with Philip Parmale in a  
Wright biplane. At a height of 475  
feet, Lieut. Crissy released the shrap-  
nel shot shell, aiming at a clear spot  
on the ground near the lower end of  
the field.

A puff of smoke as the missile  
struck showed the success of the ex-  
periment. The shot was capable of  
wounding within a radius of seventy  
yards and great care was exercised  
in selecting the place for dropping  
it.

Lieut. John C. Walker of the Eighth  
Infantry, also was carried aloft to-  
day to take photographs and make  
observations. Walter Brookins took  
him up in a Wright biplane and at a  
height of about 1,000 feet, Lieut.  
Walker made six snapshots of Camp  
Selfridge and the surrounding coun-  
try.

Weather conditions were excellent  
and many interesting flights were  
made. James Radley, the English-  
man, made another visit to San Fran-  
cisco this afternoon in his Blériot  
monoplane.

Brookins fulfilled his promise to  
give San Francisco a thrill with spir-  
al dips and glides and for a quarter  
of an hour his sensational spirals  
and ground skimming held the crowd  
enthralled. In descending from his  
trip with Lieut. Walker, Brookins  
brought a shriek of delight from the  
grandstand by a spiral swoop to the  
earth from a height of several hun-  
dred feet.

Eugene Ely of the Curtiss camp  
gave a popular exhibition of fast fly-  
ing and corner slipping banking his  
biplane at perilous angles in round-  
ing the course.

A. D. Cowling, who was here on a  
visit to his sister, Mrs. Jno. Mc-  
Kinney, returned to Oklahoma City  
yesterday afternoon.

### Dr. Ligon Mixing It With Them.

Dr. M. W. Ligon returned to Oklahoma City yesterday afternoon to look after his interests in the game warden contest. The doctor is wearing a pleasant smile and evidently not very uneasy about the outcome, even if he does happen to have a few hundred opponents. We can say this for the doctor; not only is he well qualified for the place, but Gov. Cruce had no more loyal supporter in the state throughout both contests than our big friend the doctor.

### Saw the Aviators Fly.

Robert Wimbish was at Oklahoma City Saturday and while there availed himself of the opportunity to witness the aviation meet. He says the race between an air craft and an automobile was the finest sport he ever saw. The way that auto made the dust fog at the rate of sixty miles per hour and the aeroplane darting along after it, in front and above it reminded him very much of a big hawk chasing a chicken. Bob talked so enthusiastically about the meet that it will not surprise us much to see him in the market for a machine as soon as they become commercialized.

### Booze Shower for New Sheriff.

One of the first official acts of the new regime in the sheriff's department was to dispose of the confiscated booze which was stored in the county jail and to which Sheriff Rawlings had fallen heir. At a consultation between Judge Fielding, Commissioner Ellis and the sheriff it was decided to give the new officers a sort of house-warming in the shape of a booze-shower. They proceeded in a body from the court house to the jail and shortly afterwards the sheriff appeared with a pint bottle of contraband stuff raised aloft in his right hand. The toast was (or might have been), "Here's to Prohibition; may the Lord do so to me and more also if I fail to make any corner of Murray county a safe place for decent people and an unsafe place for the bootlegger." He cracked down on the bottle and its contents trickled into the gutter. He was followed by Charley White who had a load (in his arms.) He stumbled coming down the steps but never lost a bottle; he also cracked down and the gutter began to run booze. He was followed by other officials and deputies, county and city, carrying cases of whisky which were knocked open and the bottles broken. A case of near-beer was rolled down the steps, and presently all hands and sundry were engaged in the righteous task of celebrating what is hoped to be a new worder of things.—Sulphur Post.

### OKLAHOMA STATE BANK HOLDING ITS OWN

A glance at the statement of the Oklahoma State bank appearing in this issue of the News shows that notwithstanding the usual shrinkage of deposits after the cotton season ends, the deposits of this bank remain practically where they did in November at the time the last statement was published. \$142,400 is no small amount of money for a bank to hold at this season, and this with other items of the statement show that this bank is still very much alive and in the fight for more business. This bank has always been most ready to accommodate its patrons and to that fact owes much of its success.

## ADA VS. KONAWA: SCORE 13 TO 9

Lively Game of Basket Ball at City Hall Saturday Evening.

Saturday evening one of the best and hardest fought basket ball games of the season took place between the normal team and the one from Konawa. It was hotly contested from the beginning and it can be said of the Konawa girls that they gave the normal girls the hardest tussle they have had here this season.

Some discussion arose at the opening of the game over a change in the rules lately made. The Ada team had been trained to play according to the old rule and the Konawa the new. Finally it was agreed that the first half should be played according to the old manner.

The Ada team won the game by a score of 13 to 9. Willie Faust threw goals that netted 8 points for the home team and Mace White the other 5. A large crowd witnessed the game.

Forget your prejudice for just one baking

Lay aside your favorite baking powder for just once. Forget for a day that it is "the kind mother used." Dispense with the idea that there is "nothing else just as good." It may have served you admirably for years. But just remember, other things have improved since grandmother's time. So why not baking powder? Get from your grocer today a can of Calumet Baking Powder. Bake a batch of biscuits, a cake or your favorite pastry. If the baking does not come out just as good, or better, than usual. If it is not as light, sweet and delicious. If it does not prove up to your high standard in every respect, providing of course you have in every other way exercised your usual methods, take the can of Calumet back to the grocer and get your money. This is our first step in making friends for Calumet. The continued good results, the purity, the economy in both cost and use will hold them.

### ITEMS OF INTEREST

#### FROM WASHINGTON

Washington, D. C., Jan. 16.—Cash Cade, George Foster and other prominent republicans from Oklahoma are in Washington now making a fight for the marshalship made vacant by the resignation of John Abernathy. At this time Cade seems to be in the lead.

Congressman Carter and Bride Arrive

Congressman Carter, who recently fell victim to Cupid's arrow in Oklahoma, has returned to the capitol, bringing with him the bride. Charlie is busy now treating the boys and receiving congratulations from his host of friends.

#### Free Print Paper.

Senator Gore is busy making an effort to get his bill reported from the committee, which he introduced during the tariff session, providing for free wood pulp and print paper. To have these articles admitted into the United States free of duty, would in a measure relieve the newspapers of the country from the grasp of the paper trust.

Senator Gore had the novel experience a few days ago of being initiated into the Woodmen of the World in his office in the senate office building. He is now a member of that lodge.

#### Changing Personnel of Senate.

One entering the senate galleries today will see an almost entirely different body of men than he would have seen four years ago. Through the workings of providence, and of the popular will, the senate has undergone such a remarkable change. Since adjournment last June, there has been six deaths, more than has ever before been known in the same length of time. The past generation of senators are fast passing away, and what might be called a new generation of senators is now taking possession of that body.

### WELL KNOWN JUDGE

#### ATTEMPTS SUICIDE

S. B. Adams, Former Judge of Court of Indian Claims, Tries to End Troubles.

Oklahoma City, Jan. 15.—Information has been received in Oklahoma City that ex-Judge Spencer B. Adams of the Oklahoma claims court, who attempted suicide by slashing his throat in a sanitarium at his home in Greensboro, N. C., several days ago, will recover. Judge Adams is one of the most prominent republicans in North Carolina, having been active in the party for years. His appointment as judge of the Indian court of claims at a time when there were many matters of vital importance to the Indians before that court made him a national figure for several years.

#### Well Known Here.

As a result of some of his decisions, Judge Adams was mercilessly criticized by Marion Butler in the Raleigh Caucasian, a republican paper. Judge Adams brought a criminal and civil suit against Butler in the courts of Guilford county, N. C. In the criminal action Butler was

found guilty while the civil suit was compromised.

Judge Adams is well known in Oklahoma City and throughout the state. The reason for his attempting to kill himself is not apparent.

According to dispatches from Greensboro, Marion Butler, who attacked Judge Adams, was at one time the republican-populist United States senator from North Carolina. He differed with his party a number of years ago and it is only recently that he returned to North Carolina and entered politics. Butler claims to be the author of the bill which created the rural free delivery mail system.

#### Misfortune for W. W. Pryor.

The many friends of W. W. Pryor, county attorney of Seminole county who at one time practiced law at Ada, will be pained to learn of another bereavement that has fallen to his lot. Only a few months ago his wife died and Saturday he received a message to the effect that his little son, who was being kept by her people in Illinois, had also passed away. The News has a very high regard for Mr. Pryor and extends its deepest sympathy to him in his hour of trouble.
